

To Whom It May Concern:

It is with great pleasure that I write this letter of recommendation for Kyle Benacka. I have been Kyle's immediate supervisor for the last two years.

Kyle has been a joy to work with and is very pleasant and courteous to our customers. Kyle demonstrates the character and qualities that you look for in an employee. They are very punctual and always finish their tasks without constant supervision. They show excellence in their product knowledge, customer service skills, and they always go above and beyond.

Kyle has become part of our family here at Walmart and he will be greatly missed when he leaves to follow his aspirations.

Sincerely,

Chrystal Britcher
